Please Write Mr. Elder as To The Value of Any Lot In This Sale about which you are in doubt.

NEW BIDDERS KINDLY READ.

We find at every sale we have new bidders who are inclined to bid hurriedly without reading our sale terms or appreciating their significance. To these we say, our rules must be complied with. New room bidders must make a cash deposit on request. Our sale records are final and we will not take sale records from bidders in the room. A stubborn individual at our last sale insisted that his records were correct. We keep two books and cannot make an error in recording lot numbers and prices, and we will refuse in each case to take records from outsiders.

New bidders are asked to kindly furnish us with bank or substantial reference, in the absence of which kindly send us a remittance for 25% of the bids made. Whatever is sent will be returned less the actual amount purchased. New bidders will also be expected to remit on receipt of a bill from us.

This is a splendid sale, so try and make arrangements to attend the same yourself and bid yourself. Coins will all be laid out each morning prior to the sale. Avail yourself of an opportunity to examine them personally before the sale.

Bid by the piece. If a lot contains 4 pieces and you want to pay $4 for the lot your bid is then $1.00. We never sell by the entire lot except postage stamps which are always sold by the lot.

Write Mr. Elder if you are in doubt about the value of any lot on which you wish to bid. He will submit an estimate of its value on request.

CONDITIONS OF SALE.

Please read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached $2. no advance under 10c will be accepted on any lot containing one piece; after $5.00 the bid must advance 25c each time; after $10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**
